

## USE YOUR LASERFICHE SYSTEM TO TRACK AND SEARCH PAPER RECORDS WITH THE GIMMAL PHYSICAL™ CONNECTOR

Organizations need to consistently manage both physical and electronic records with one source of truth.

The **Gimmel Physical Connector** allows physical records to be viewed and searched in the Laserfiche interface.

### KEY HIGHLIGHTS

- Federated search to find all your records, regardless of format
- Unified physical and electronic records views
- Search metadata for physical items within Laserfiche
- Auto-classify physical records within Laserfiche RME folder functionality
